

Meet the BTP team

Johnny Landherr

Johnny has been with us for nearly 2 years now and is involved with the day to day operation of BTP, amongst many other duties.

Johnny's long history in customer service, has been a valuable asset for BTP.

Currently Johnny is studying to become a Certified Microsoft Licensing Specialist and is also training on all the latest Cloud and Hosted Technologies.

Johnny has been selling, training and installing Samsung Business Telephone Systems for over 11 years.

Johnny is also BTP's Managed Print Services guru and knows all about telephone lines and mobiles (see next page).

If you are not sure if or what BTP can do for you or your business, do like we do "Ask Johnny" .

Cloud

There are still a lot of questions around about "The Cloud"

*Is it right for me?
Will it save me money?
Where is my data stored?
Will my data be stolen or lost?
Where do I start?*

Well, we can answer the last question right away. Organise a consultation with BTP at your office or in our boardroom.

Spam, Spyware and Viruses

Malware is a profitable business for online criminals.

Mobile phones and tablets are the latest target to access your business computers.

No product is completely safe.

Recent published articles make the point that Mac, iPhone, Android and iPad are now vulnerable.

BTP can keep you up to date.

Internode

Internode has recently listed Business Technology Partners as a trusted Phone Systems Integrator.

If you are interested in business grade VOIP and want to add a reliable phone system with enhanced business features, be sure to let us know.

He's done it again

For two years in a row, Michael Jenkin (BTP Director) has been included in the list of the top 150 IT professionals working in the SMB sector, in the world.

Michael is very active in the online community and always there to lend a helping hand. Special thanks to Blackberry, SMBNation, Microsoft and the other companies behind the awards. Extra special thanks to all of you that voted for Michael.

Samsung

We have experience with local single offices right up to national installations. We can supply cabling, phone systems, phone lines and unbiased advice.

COMMUNICATIONS
Authorised Partner
Enterprise IP Solutions

Telstra 4G and NextG

Many of you have taken up our cheaper landline rates, but we could not offer Telstra's 4G or NextG mobiles.

All that has changed. BTP have an alliance with a brand new Telstra dealer. They are small and personal. Call Johnny to have a trusted specialist come out and chat.

Managed Print Services

Our Managed Print Services has really taken off. You love the savings and convenience. If you haven't spoken to us about your photocopier and printer needs yet, please do soon.

You get a choice of all major brands, genuine toners delivered automatically and one single contact number for everything.

Facebook

Customer's Corner

Jobfit Health Group

your workforce health is our business

Jobfit Health Group is helping Australian businesses to streamline the recruitment process with its highly sought after occupational healthcare services, including pre-employment medical assessments.

With expansion fuelled by growth in the mining and resources sector, Jobfit is now one of Australia's largest providers of occupational health services, boasting a network of 26 centres nationwide and conducting over 85,000 pre-employment assessments each year.

In addition to pre-employment medicals, Jobfit provides a broad range of services including injury management and rehabilitation, drug and alcohol screening, vaccinations, health and wellness programs, and medical expert services.

BTP recently updated Jobfit's computer network for 280 staff, over 6 states.
