

Meet the BTP team

Michael Banjac – IT Specialist – Green Team

Michael has been with the BTP team for some time now.

He has shown great strengths in disaster mitigation and systems testing.

He loves to get to know our clients one by one and likes to provide tailored solutions.

Michael has a steady approach that helps keep us all in check and brings many years of experience.

Michael has extensive Microsoft licensing knowledge and can assist you in assuring your licenses are valid.

BTP turns five!

Due to an immense amount of pressure and constant requests, Sam Webster and Michael Jenkin finally went into business for themselves, 5 years ago.

There is a great deal of thanks owed to the people BTP support and partner with, for providing the support and encouragement needed to make this magic happen.

Starting a new business in a year with a recession was always going to be tough however BTP marched forward and today are proud to be able to employ a team of people and contribute to South Australia.

Thanks to all of those that said:

"Get out there and do it for yourself. I am sure you will do well"

Why BTP?

After 5 years, BTP have reinforced its high level of service and support.

The team is made up of all technical people and we they know that if BTP recommends something, they will need to install it so it must work, first time.

We pride ourselves on getting to know our clients and supplying the right solutions.

With today's IT landscape containing many options, both cloud and non cloud, the team needs to evaluate the right solution for every client.

We take time in looking at all the variables and make sure we design a solution we can stand behind.

This is further evidenced by our Director Michael Jenkin being nominated and winning a position in the Top 150 SMB IT professionals in the world, not once but twice.

BTP Online Store

BTP has an Online store accessible through our web link <http://store.btponline.com.au/store> where you can buy online services. In addition we are Telstra T-Suite partners and can offer Microsoft 365 solutions.

Using our store you can purchase

- *Hosted email systems*
- *Website domains*
- *Hosted servers*
- *Web certificates*

Microsoft News

Microsoft will end their support for Windows XP, Office 2003 and SBS 2003 come April 2014.

If you have these products it is time to start thinking about upgrading.

You have a small window of opportunity to get the latest version of Small Business Server.

Internode

Internode has listed Business Technology Partners as a trusted Phone Systems Integrator.

If you are interested in business grade VOIP and want to add a reliable phone system with enhanced business features, be sure to let us know.

http://www.internode.on.net/business/phone_services/nodephone/multiline/

Samsung Communications**

Can you integrate your mobile phone with your office phone system? Samsung and BTP can.

BTP's recently supplied new Samsung OfficeServ phone systems into all AutObarn stores in Adelaide.

Record Management

- *Do you have boxes and boxes of documents you need stored securely?*
- *Do you need your back up drives collected and stored securely?*
- *Do you have thousands of documents you need scanned and filed?*
- *Then call us and we will introduce you to our recommended partner.*

Store your items in a secure, fire protected, humidity stabilised environment. Store your documents, backup tapes, backup drives, photos, collectables or anything else you hold dear.

BTP can also arrange for your most important data files to be stored in the cloud, in two Australian geographically separated secured locations. Easy retrieval and management.

Partner's Corner

Oliver's Taranga Vineyards

Oliver's Taranga is home to the ultra-premium HJ Reserve Shiraz and has supplied grapes for the illustrious Penfolds Grange, arguably the pinnacle of achievement for Shiraz growers in Australia.

In 1839 William and Elizabeth Oliver travelled to South Australia from Scotland and settled at McLaren Vale in 1841 on land which they named "Taranga", meaning "middle" in the language of the Kurna people.

Today the fifth and sixth generation descendants of the Oliver family produce ultra-premium age-worthy wines that reflect the unique character of the Taranga Vineyard in McLaren Vale, combining the latest winemaking tools and techniques with the sense of family, history and tradition that comes with over 170 years of local knowledge.

The McLaren Vale cellar door was recently named the best Cellar Door in McLaren Vale.

Pop in and see why at 246 Seaview Rd Mc Laren Vale or call them on 08 8323 8498 – they'd love to hear from you.
